Subject: Warning for inappropriate behaviour towards Commonca Monreuf

Dear Mongars,

On Wednesday the 14th during the evening, Commonca informed me about your conversation earlier that day, during which you made offensive remarks towards him, reproaching him for his lack of commitment to the Nanotek project. I attempted to discuss this with you this morning to address the situation, however, it has been brought to my attention that there has been no improvement in your behaviour.

I would like to remind you once again that such conduct hampers collaboration and contributes to creating an unpleasant work environment, which is unacceptable and will not be tolerated. It is imperative that you reconsider your behaviour and make an effort to work collaboratively with Commonca and the entire team.

This email serves as a warning. If such a situation were to occur again, I will be compelled to consider appropriate disciplinary measures, including suspension or termination.

I suggest you come to see me next Monday at 09:00 AM to calmly discuss to have a constructive discussion regarding the concerns you've raised about Commonca's commitment. In the future, I also encourage you to come to me in case of any issues within the team to resolve the situation constructively. It is by working together that we can achieve our goals and maintain a healthy and respectful work environment.

Best regards,

Luca Martinet
